Martinsville Householders Alarmed Over the Number of Burglaries.

Special to the Indianapolis Journa'. MARTINSVILLE, May 10 .- Some unknown person made two attempts to burglarize M. O. Fuselman's residence last night. He gained admission about 9 o'clock, just before Mr. Fuselman went home from a lodge meeting, and was frightened away by Mrs. Fuselman, who was alone. He made another attempt to enter the house at 2 o'clock this morning, when Mr. Fuselman rushed out with his revolver and snapped it at him. A faulty cartridge favored the burglar, who ran a short distance, wheeled and fired, without effect. A man, giving his name as Charles Rivers, who answers the description given by Fuselman of his maranding visitor, was arrested on the street this morning. He is a stranger here, and has been lostering on the streets for several days. The circumstantial evidence points strongly to his conviction, and after having a preliminary hearing he was remanded to jail, being unable to procure bondsmen. Attempts were made to enter the houses of J. M. Trotter and A. J. Watson, also, last night.

The Giri Orator Returns.

Special to the Indianapolis Journal. GREENCASTLE, May 10.-To-day was De Pauw day, or rather Miss Nelson's day, not only at DePauw University, but throughout the city of Greencastle. It was designed to give the heroine of the interstate oratorical contest at Minneapolis a rousing reception on her return from the scene of her triumph, but the arrangement was interfered with by her arrival home on one of the night trains, and it was therefore gathering of students and citizens at Meharry Hall this afternoon to do honor to the victorious representative of DePanw University and of the State of Indiana. The exercises partook of the nature of a jubilee, in which the college yells and brief congratulatory addresses on the part of the faculty and citizens were the principal features. Miss Nelson also responded to the call of her friends, and proved herself no less at home in extemporaneous speech than as a platform orator. To-night Miss Nelson was still further honored by a reception at Woman's Hall.

Miners Want No More Strikes.

Special to the Indianapolis Journal. BRAZIL, May 10 .- J. H. Kennedy, secretary of the United Mine-workers of this State, was in the city to-day. He said he believed everything would go well this year, as the miners were generally satisfied and there was every indication of steady employment. The day men of the second district are having difficulty with their employers regarding a reduction of wages rewill be amicably settled soon. The mining outlook in this county is much better than it has been for years. The miners are receiving steady employment, and not a word of dissatisfaction regarding the scale of prices can be heard. One old miner said to-day that strikes were a disastrous luxury to the miners and that he believed they were a thing of the past.

Democrats Very Much Afraid.

Special to the Indianapolis Journal. TERRE HAUTE, May 10 .- The new City Council failed to organize to-night, because all the Democratic members absented themselves, breaking a quorum. With their hold-over members the Democrats have eleven out of the twenty members. One Democrat is seriously ill, and two others to-day boited the party caucus. The new Mayor is a Republican, and the party bosses were fearful that if the new Council were permitted to organize Repub-licans might be elected as city attorney and city engineer, these two positions being considered highly important, in view of the city contract scandals.

Wabash in a State of Anarchy.

Special to the Indianapons Journal. WABASH, May 10 .- Wabash has been without any city government for two days. At the recent city election the Democrats slected the Mayor and half of the councilmen. Last night was the time fixed for organizing the new Council, but it was impossible to get a quorum, owing to the absence and illness of the Republican members. One of the Democratic members has a fat clerkship in Washington, and he came home on purpose to help organize and elect Democrats to minor positions. There is much feeling in the matter, especially as there was no quorum to-night either.

The Dudes Can Get Their Clothes. Special to the Indianapolis Journal.

ANDERSON, May 10.-The strike among the journeymen tailors here ended happily for the strikers to-day. An agreement was practically reached last night, and this morning the bosses signed the new schedule and work was resumed. It is a matter of much gratification to the young men whose new spring clothes were locked up by the strike. One proprietor has refused to sign, and against him the union is waging hot warfare. An adidavit has been sworn to accusing him of running a lottery. The matter will be presented to the United States district prosecuting attorney.

Solid Republican Council. Special to the Indianapolis Journal.

CRAWFORDSVILLE, May 10 .- The new lyslected set of Republican officers assumed control of the city affairs last night, and now it is a solid Republican Council. Mayor Bandel, in his opening address, said that the laws would be enforced against all classes of law-breakers, and the saloons must keep closed on Sundays. The various committees were appointed, and the Council elected Hal McDaniel street commissioner, W. E. Humphrey city attorney, Ira McConnell city engineer, and -- Dorsey chief of the fire department.

Tramps Terrorize a Town. Special to the Indianapolis Journal.

ROCKVILLE, May 10.- Two tramps, one drunk and one sober, terrorized the women and committed a burglary, this evening, in the north part of the town. One, who says he was born in Philadelphia and gave his name as Frank Bills, broke into Lincoln Wimmer's house and helped himself to an overcoat and suit of clothes. The marshal captured Bills in a running fight, knocking him down twice.

Prominent Citizen's Flight.

Specia' to the Indianapolis Journa'. COLUMBUS, May 10 .- There was considerable excitement in business circles here te-day when it was given out that Lee Foust, a prominent machinist and influential citizen, had fled. The cause of his quick departure has not been made known to the public. He leaves considerable property in this city, but is known to have taken none with him.

GOVERNOR CHASE THERE.

Dedicating the New Normal School Building at Valparaiso Yesterday.

Special to the Indianapolis Journal. VALPARAISO, Ind., May 10.-This has been a great day in the history of the Northern Indiana Normal School, the dedication of the new college building taking place. The dedicatory address was delivered by Governor Ira J. Chase. The building stands as a monument to the zeal and energy of H. B. Brown and O. P. Kinsey in building up the largest normal school in the world, the average attendance being 2,600 students. The new building is a large, imposing structure, 60 by 120 feet, two stories and basement, of pressed brick, with trimmings of Bedford stone. The windows are of cut, ground and plate giass, and the building cost over forty thousand dollars. The first floor comprises two large rooms, especially arranged for the scientific department. Also two recitation-rooms, a room for the museum and apparatus. The second floor, it is said, makes perhaps the largest chapel hall in the United States, and the acoustic properties are perfect. The main floor of the hall is 60 by 120 feet, with two galleries 12 by 95 feet each and one 30 by 40 feet. The hall is seated with 2,075 opera chairs. finished in antique oak. The rostrum, 25 by 60 feet, will seat two hundred, and when necessary, five hundred extra chairs can be used, making this the second largest hall in the State. The building is lighted

by both gas and incandescent lights. This great school was organized by its president, H. B. Brown, Sept. 16, 1873, with thirty-five students in attendance. In 1881 Prof. O. P. Kinsey became associate principal, and under the management of these two, the school has grown to its present greatness. The plat of ground that was a barren waste, is now a minor city of itself, composed of large school buildings, domitories and beautiful residences. The course of study comprises twenty separate departments, equaling that of the older colleges and universities, with thirty-seven instructors, holding school the entire year. The students in attendance represent every State and Territory in the Union, as well as Canada, England and Ire-

Columbus and Kansas City Prevented from Finishing Their Game by Rain.

Special to the Indianapolis Journal. COLUMBUS, O., May 10 .- On account of the rain to-day the game between Columbus and Kansas City was called at the end of the eighth inning, both teams having scored two runs. The Kansas City held the lead until the seventh, when singles by Lilly and O'Rourke and a bad throw by Manning gave Columbus two runs, which tied the score. Score:

St. Louis Takes Two Games from Philadelphia by Scores of 8 to 4 and 9 to 8, Special to the Indianapolis Journal.

Sr. Louis, May 10.-St. Louis defeated Philadelphia twice to-day. The home team won the first game because of its superior work, both with the stick and in the field. Glesson, except in the sixth inning, when the visitors scored three runs, pitched a masterly game. The miserable weather that prevailed affected the attendance, only 1,200 persons being present. Crooks's work with the stick was the feature of the game. Halman and Connor did great work in the field for the visitors.
